

CALL FOR SUBMISSIONS

2019 International Symposium on Clean Energy and Advanced Materials

The **CEAM 2019** is hosted by the International Collaborative Center for Carbon Future, jointly by Pusan National University and the University of Newcastle during September 25-28, 2019.

This symposium provides a platform for researchers, engineers, academicians as well as industrial professionals from university and industry. This symposium provides the opportunities for the attendees to exchange ideas, share information and establish research and development network to promote technology transfer and work together to provide solutions to practical problems.

We are looking forward to seeing you in Busan at CEAM 2019.

Topics

- Coal and biomass pyrolysis, gasification and combustion
- Coal and biomass to fine chemicals
- Carbon capture and utilization
- Hybridization technology for coal power generation
- Metallurgical coke production
- Advanced carbon materials
- Low carbon economy sustainability
- Energy storage technology
- Gas treatment and smog control

Abstract Submission

Extended abstract submission deadline:

June 30th, 2019

Acceptance notice for abstracts:

July 15th, 2019

Register abstract on homepage:

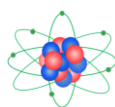

<http://pnuecos.org/>

The selected full papers will be published in the special issue of **'Energy and Fuels'**

How to submit Abstracts of CEAM2019

- I. Please visit <http://pnuecos.org/>
- II. Click the **CEAM 2019** menu ① on the homepage.
- III. Click the **Abstract Submission** ② and Fill out the **submission Form**
- IV. If there are some problems to submit Abstracts, please contact Office@ceam2019.org
- V. We are looking forward to your submission!

CEAM2019 Abstract Submission Form

- Oral presentation
- Poster

Please make sure to fill out the item with the *
